

The Leaders Success Book For The 21st Century

Empowering Leadership tells you in straightforward, plain language, and and over 270 colorful anecdotes how to develop leadership that empowers others to peak performance.

Written by the author of *Repeat Business* who has trained more than 110,000 business leaders in the United States, Africa, Italy, Canada, and Great Britain, *Empowering Leadership* has been hailed the business success book for the Nineties.

••• "The insight you present in, *Empowering Leadership* has given our management team the clear and precise ability to develop their leadership skills."

Walter H. Smith, President
Active Construction

••• *Empowering Leadership* taught me that I can make a positive change in the business, and personal lives of my team."

Todd Hess, President
The Todd Hess Building Company

••• "The fifteen principles of leadership in your book are like spark plugs of power that give readers the boost they need to take action."

Kathy Dietrich, General Manager
Architects Associate

••• "Page after page the wisdom of your book provides valuable tools I apply daily to raise our team to higher levels of accomplishment."

Ron Warman, General Manager
Rons Automotive
